Careers Update

Queensland Police Recruiting Seminars

If you are interested in exploring the career opportunities within the Queensland Police Service, you can attend a seminar. Seminars are held throughout the year. Queensland Police also have a stall at most career expos in Queensland.

Visit <http://www.policerecruit.qld.gov.au/seminars/> for dates and bookings.

Study to be an enrolled nurse at the Mater Hospital

Mater Education offers the Diploma of Nursing. The course is delivered on a full-time basis for three semesters over an 18-month period. It is a full-fee course and VET FEE-HELP is available to eligible students. Year 12 students apply directly to Mater Education for the course, not through QTAC. Courses commence in January and July. A scholarship program is available for applicants from a refugee or Indigenous background. Students who successfully complete the Diploma of Nursing through Mater Education can receive up to one year's credit towards a Bachelor of Nursing, the qualification required to become a registered nurse.

See <http://www.matereducation.com.au/> for more information and to download a brochure.

Preschool News

This week in Preschool we have been focusing on letter recognition and alphabet deconstruction to help further our school readiness program. We have also engaged with a range of activities designed to extend our fine motor control skills, concentration levels and ability to work cooperatively in small groups.

Miss Bec and Miss Katie would like to congratulate the children who participated in the athletics race on Friday 30 May. We are very proud of each and every one of our Preschool children!

What does a Biotechnologist do?

A biotechnologist is a trained scientist who applies his or her knowledge of living organisms to a variety of industries, especially manufacturing, medical, environmental and agricultural. Biotechnologists can be involved in developing new medicines, medical treatments, plants or animals. Some biotechnologists do genetic engineering of plant and animal cells and products.

Biotechnologists work in many different sectors including hospitals and research facilities, government agencies, private food or animal production companies, pharmaceutical companies or even food processing plants. They come from a background in science, engineering or a combination of several academic disciplines including chemistry, biochemistry, microbiology, life sciences and pharmacy sciences.

Several universities in Queensland offer specialist courses in biotechnology or a major in biotechnology within a science degree.

Financial Assistance and Scholarships

Did you know there are thousands of scholarships on offer each year in Queensland?

Universities, TAFE institutes, private education providers, the Commonwealth and Queensland governments, some professional associations and industry groups offer scholarships. Common categories include:

- ☐ sporting scholarships
- ☐ equity scholarships for women and Aboriginal and Torres Strait Islanders
- ☐ scholarships for specific fields of study
- ☐ financial hardship scholarships
- ☐ campus scholarships
- ☐ field of study scholarships
- ☐ international student scholarships
- ☐ academic scholarships.

Continued on following page.
